**Time: 6:15-7:00pm (online)**

Winter  
**2022**

"My daughter  
has become more  
fluent and confident in  
reading books at  
bed time. She now uses  
more expression  
and intonation."

## For Students in Grades 3 to 10

Reading programs for winter 2022 are designed to help students who struggle attaining literacy skills due to an identified or suspected learning disability.

**Read-UP\*** will help improve reading skills by focusing on phonological awareness, fluency, vocabulary and reading comprehension skills. Students will have access to the online award-winning LEXIA programs (Core5/PowerUp).

**Read-UP\*** helps students improve reading skills, closes overall learning gaps and promotes a positive outlook on learning by improving social-emotional skills.

Online programs will be offered in a 1:1 format using Zoom Communication Technology. Selected in-person Thursday sessions (**in Option 2 only**) will be offered in partnership with Western's Mary J. Wright Child and Youth Development Clinic (CYDC) located at 1163 Richmond St, London.
